

## THE POSTAL IS HERE

The Line About Up Between Here and Raleigh.

Just a Week Now Till It Gets Down to Business.

WHAT MANAGER HUGHES SAYS OF IT

People Who Come and Go—Brief Reviews of Interest to All Readers of The Globe.

There has been so much talk of the postal telegraph and the office which it proposed to open in Durham, that people who believed the poles could be planted and the wires strung in a day, have grown weary at the delay and begun to think that it was not coming at all.

But it takes even electricity time to get down to business.

Mr. T. H. Hughes, manager of the postal line, was in Durham to day and agreed to THE GLOBE that he expected to be ready for business in a week's time. He said the gang were hard at work between here and Raleigh, and would have the poles placed and all in readiness.

The real object of Mr. Hughes' visit today was to find an office, which he found a difficult matter. He was looking for a location on Main street, but when last seen was still looking.

The Postal telegraph has been induced to come to Durham by the amount of business done by the Western Union, which should long ago have allowed the office at this place an assistant, and which will now see a perceptible falling off in its patronage.

**The Spring.**  
Of all seasons of the year, is the one for making radical changes in regard to health. During the winter, the system becomes to a certain extent clogged with waste, and the blood loaded with impurities, owing to lack of exercise, close confinement in poorly ventilated shops and homes, and other causes. This is the cause of the dull, sluggish, tired feeling so general at this season, and which must be overcome, or the health may be entirely broken down. Hood's Sarsaparilla has attained the greatest popularity all over the country as the favorite Spring Medicine. It expels the accumulation of impurities through the bowels, kidneys, liver, lungs and skin, gives to the blood the purity and quality necessary to good health and overcomes that tired feeling

## THE OWNERS ACT!

The Meeting at the Court House This Morning.

A Step in the Right Direction Which Means Much.

PLAN WAYS FOR CLEANING UP SMOKE

The List of Those Who Own Property in the Burnt District and Those Who Attended.

In response to an appeal from the ladies of Durham, a called meeting of persons owning property in Smoky Hollow was held at the court house this morning.

There were in attendance Messrs. C. B. Green, G. C. Farthing, F. M. Barbee, R. C. Cox and Rufus Massey.

Other citizens who were not property owners in the burnt district but who were interested in seeing that particular den of iniquity cleaned out, were present at the conference.

At the suggestion of Mr. Farthing, a list of those who owned houses in Smoke was made out and showed the following:

L. W. Wise, one house.  
F. M. Barbee, four houses.  
M. C. Herndon, one house.  
W. T. Redmond, three houses.  
Parrish & Carr, twelve houses.  
Rufus Massey, one house.  
Birline Scoggins, one house.  
G. C. Farthing, two houses.  
W. A. Marcom, one house.  
Charley Herndon, two houses.  
A. E. Barbee, two houses.  
C. B. Green, three houses.  
T. B. Farthing, three houses.  
P. H. Massey, one house.  
W. J. Christian, two houses.  
Alex Walker, one house.  
Monroe Barber, one house.  
William Bolin, unknown.

Mr. Massey was there to represent not only himself but several others whose agent he is and who leave the renting of the buildings and management of same entirely to him.

While the meeting showed a definite move in the right direction, and was the first step towards ejecting the disreputable crew who have been too long harbored for selfish financial considerations by the people of this city whose misfortune it has been to own property in the infected district, yet the attendance was so small—so many of those who should have answered to their names failing to put in an appearance, the meeting was postponed till Tuesday morning at 9 o'clock, when final action will be taken in regard to the future disposal of the houses mentioned.

The way things now stand, decency demands that every property owner should be present at the meeting Tuesday, or be represented by some one with authority to act.
